Pathway reduces poverty by providing comprehensive services that create pathways to self-sufficiency.

The First Energy Community Connection Program is an energy conservation program in partnership with First Energy (Toledo Edison) through the Ohio Partners for Affordable Energy (OPAЕ). It enables income-eligible First Energy customers to lower their energy bills through the installation of energy efficient light bulbs in place of incandescent bulbs, and replaces energy-inefficient refrigerators and freezers with new Energy-Star (efficient) refrigerators and freezers at no cost to the participants.

Income Limits by Household Size
(for more than 8, add \$8,220.00 for each additional person)

Household Size	Total Household Annual Income
1	\$23,760.00
2	32,040.00
3	40,320.00
4	48,600.00
5	56,880.00
6	65,160.00
7	73,460.00
8	81,780.00
